the estate and upon whose shoulders Ryan. will rest the burden of managing these vast properties, gave every assistance possible to the officers of the State and Nassau county, and it was largely due to his knowledge of his father's affairs and his businesslike methods that they were able to complete the heavy task of appraising the estate in four months.

The principal items making up the amount of the estate are:

Standard Oll shares.

of them are:

The exact amount of the total value of the estate is \$22,906,222.48, but from this amount is deducted \$1,672,121.38, which represents various debts incurred by Mr. Whitney and the estate, leaving a total of \$21,243,101.10, which is subject to tax.

Tax Apportionment on Heirs.

The apportionment of the inheritance tax upon the heirs is as follows: Legacy to Adelaide Randolph, step-daughter, \$250,000, cash value of property is taxed \$12,500. Legacy to Arthur Bertram, stepson.

Three-tenths of the residuary estate to Harry Payne Whitney for the benefit of Dorothy Whitney, as daughter, and in case of death to her surviving issue, \$6,149,230.33, tax \$61,492.30.

Paid Tax by Check.

Harry Payne Whitney, as executor of the estate, gave a check to the State comptroller through the office of the surrogate of Nassau county, Judge Robert Seabury, yesterday for \$222,222.84 to pay the inheritance tax according to the assessment as made by the appraiser. Those who have been engaged in making examinations of the properties of the estate with Mr. Harry Payne Whitney assert that he has shown marked ability in dealing with business affairs. They recall the letter of the late Mr. Whitney announcing his retirement from the Metropolitan Street Railway and other corporations, in which he said:

"One by one I have been pulling out of these corporations and my son, Harry Payne, has been elected a director in my place. I have had my son around me a good deal in the last two or three years of my work in street railways, and he is well acquainted with any duties that may have fallen to me."

There was some comment at Mineola yesterday that the assessment of Mr. Whitney's estate does not show him to have been a leading holder of Metropolitan Street Railway Securities. It is explained by those that know that Mr. Whitney withdrew from the Metropolitan Street Railway severai years ago, perhaps in 1822, when he announced that he was going to retire from business. surrogate of Nassau county, Judge RobRyan Has Jolly Night, Though Under Arrest

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly, and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating, sloughing ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood.
